

Awesome Avatars

An avatar is an icon or figure representing a particular person in a video game or on the Internet.

In Raider's Peril, players create avatars that reflect their personality and their taste in style. They don't have to be human – your avatar could be from a fantasy race of people, such as elves, dwarves, trolls... the choice is yours!

First, decide what race your avatar will be: _____

Name your avatar. Think about whether your name should sound scary, kind, clever, or say something else to the other players.

My avatar's name is: _____

Next, describe your avatar's personality.

Which job role will they take in a group? Katka is a guild leader; Perian is an archer.

- Guild leader Scout (lookout) Archer/Hunter Medic
- Mage (magic-user) Fighter Rogue/Assassin

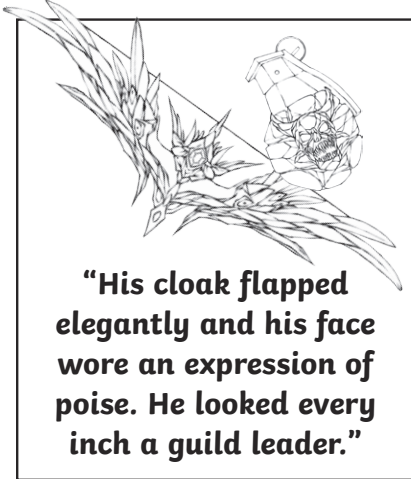

What skills/traits do they have?

(Blacksmith, cooking, fighting, enchanting, hunting, languages, first aid, sneaking, taming animals)

Describe your avatar's body type, clothing and tools. Make sure their style matches their personality, and use a thesaurus to make sure your descriptions are adventurous!

Have a go at designing two different avatars of yourself. Don't forget that your avatar's facial expression will always remain the same, so make sure it says the right thing about you!
