

Match Up the Gods Pairs Game

I can tell you the names of some of the main Roman gods and write about what they represented to the Roman people.

How to Play

Play with a partner. Lay all of the cards face down on the table in a random pattern. Take it in turns to turn over two cards. Read the fact on the card out loud. If the facts are about the same god or goddess, you can keep the matching set and take another turn. If the cards do not match, put them back down and try to remember where they are. It is then the next player's turn.

The winner is the player who collected the most matching pairs.
