

Be the best you can be!

Week beginning Monday 22nd June 2020

Year 3

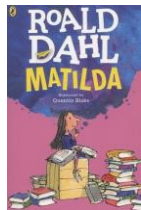

Literacy

This half term we would have been looking at different Roald Dahl texts.

This week we would have been reading *Matilda*.

It is a story of a young girl who uses her telekinetic powers to settle scores!

Read the extract and create a character description about Matilda, her mum and dad and Mrs Phelps.

Numeracy

In numeracy you would have been learning about capacity.

Read the presentation about capacity and then complete the differentiated activity sheets. There is also a mastery challenge if you feel brave!

Spellings

Miss Barfield and Mr Dawson's groups should be learning Week 9's words:
Helpful, Useful, Careful, Awful, Beautiful, Grateful, Dreadful, Wonderful, Successful,
Delightful, Thoughtful, Forgetful

Mrs Norchi's group should be learning these homophones:

Flour, flower, heard, herd, peace, piece, threw, through, weak, week

Science

Each week this half term we will be learning about a famous scientist or inventor.

This week you will be learning about William Smith – the 'Father of English Geology'.

Read the presentation about him and then complete the Geology Island activity sheet.

Thematic

This week we would have been learning about our local area in our *Littleover and Beyond* topic.

Google maps and Google Earth both allow you to study your local area from above and even zoom down right onto specific houses. If you can, find your house and other local places on Google Maps or Google Earth.

Otherwise use the sheets on the website to find and label your house, your friends' houses and other areas you know!

Art

Over the past few weeks we have been learning about Seurat and his style of painting called pointillism. This week draw a portrait of yourself or someone else in your house and colour it using pointillism.
