

Be the best you can be!

Week beginning Monday 22<sup>nd</sup> June 2020  
**Year 4**

### Literacy

Paul Jennings is one of my all-time favourite authors. I often read his short stories in my assemblies. Read the story 'Licked' by Paul Jennings and write a review of it. Did you like it? Did it make you laugh? Did you guess the ending?

### Numeracy

In numeracy you would have been learning about Roman numerals.

Roman Numerals			
1 = I	10 = X	100 = C	1000 = M
2 = II	20 = XX	200 = CC	2000 = MM
3 = III	30 = XXX	300 = CCC	3000 = MMM
4 = IV	40 = XL	400 = CD	
5 = V	50 = L	500 = D	
6 = VI	60 = LX	600 = DC	
7 = VII	70 = LXX	700 = DCC	
8 = VIII	80 = LXXX	800 = DCCC	
9 = IX	90 = XC	900 = CM	

Complete the booklet about Roman numerals. There is also a maths mastery challenge if you're feeling brave!

### Spellings

Summer week 9:

Length, Forward, History, Guide, Height, Naughty, Thought, Ordinary,  
Opposite, Remember, Therefore, Extreme

Miss Lloyd's group should be learning the following words:

Helpful, useful, careful, awful, beautiful, grateful, dreadful, wonderful, successful,  
delightful, thoughtful, Forgetful

### Science

Each week this half term we will be learning about a famous scientist or inventor.

This week we are going to learn about Lord Kelvin.

Read the presentation about him and then complete the activities.

### Thematic

This week we would have been learning about how British pop music has changed since 1950. Print out the pop music information sheets and reorder them so they show the correct information – you may need help from your parents for this! If you don't know some of the artists you should look them up on youtube!

### Art and DT

There have been some amazing album covers over the decades. Can you create a new album cover for your favourite album or for your favourite music star?
