

at Gayton Junior School

We were delighted to have the opportunity to purchase *Make Your Own History* in March 2024 after hosting Charlie Lupton's workshops at Gayton for over ten years.

We are now able to offer half day morning workshops on site to local schools to make history come to life.

Roman Workshop

Become Roman Legionaries and build two Roman 'Onagar' catapults that really fire missiles!

During the morning, the children will:

- Build two 2m long 'Onagar' (kicking mule) catapults
- Build a section of Roman road
- Create 'The Bridge over the River Rhine'
- Create battle standards
- Design and create standard medals
- Wear and hold Roman armour and weapons

Roman Onagar

Tudor Workshop

Become Tudor craftsmen and build a Tudor house in the school hall that is large enough for 30 children to sit in!

During the morning, the children will:

- Use carpenter's marks to assemble the Tudor house
- Work in teams to build a poor man's house
- Make wattle panels
- Bodge (shape) the pegs used to pin houses together
- Tile a section of roof

Tudor house

Workshops cost £300 and are suitable for KS2 learners
