

# Greater Than Game

## How to play:

- Shuffle the cards and deal five cards each.
- Don't show your cards to your partner.
- The first player places one card face up.
- The second player chooses one of their cards to place next to this card.
- The player with the greater value card puts both cards into their 'winnings' pile.
- This player chooses another of their cards to place face up.
- Repeat until all five cards have been played.
- The person with the highest number of cards in their 'winnings' pile wins the game.
