

Publications Scheme

SPRING 2017

Manager

Mrs J. G. Chapman

Review Date – SPRING 2020

This is Gayton Junior School's Publication Scheme on information available under the Freedom of Information Act 2000

The Governing Board is responsible for maintenance of this scheme.

1. Introduction: what a publication scheme is and why it has been developed

One of the aims of the Freedom of Information Act 2000 (which is referred to as FOIA in the rest of this document) is that public authorities, including all maintained schools, should be clear and proactive about the information they will make public. To do this we must produce a publication scheme, setting out:

- **The classes of information which we publish or intend to publish;**
- **The manner in which the information will be published; and**
- **Whether the information is available free of charge or on payment.**

The scheme covers information already published and information which is to be published in the future. All information in our publication scheme is either available for you on our website to download and print off or available in paper form. Some information which we hold may not be made public, for example personal information. This publication scheme conforms to the model scheme for schools approved by the Information Commissioner.

2. Aims and Objectives

Here at Gayton Junior School, we aim to:

- build self-confidence and provide a wide range of experiences designed to encourage children to make safe and healthy choices;
- to develop happy, inquisitive, enthusiastic learners who are not afraid to make mistakes and learn from them;
- develop socially adept and articulate children with an awareness of the world and a respect and tolerance for others;
- prepare children for the next stage in their lives with a range of high quality literacy, numeracy, computing and life skills.

and this publication scheme is a means of showing how we are pursuing these aims.

3. Categories of information published

The publication scheme guides you to information which we currently publish (or have recently published) or which we will publish in the future. This is split into categories of information known as 'classes'. These are contained in section 6 of this scheme. The classes of information that we undertake to make available are organised into four broad topic areas:

- **School Prospectus** – information published in the school prospectus.
- **Governors' Documents** – information published in the Governors Annual Report and in other Governing Board documents.
- **Pupils & Curriculum** – information about policies that relate to pupils and the school curriculum.

- **School Policies and other information related to the school** - information about policies that relate to the school in general.
