6TH DECEMBER 2024

It's official, Christmas season is well and truly upon us; the naughty elves are running rampant in the classrooms and the Christmas tree is up in the hall. We have a busy week next week in school so I have highlighted the dates on the next page in green for you to make sure they are on your calendars at home!

Please remember that, unless you ordered a Christmas dinner for your child using the online form, you will need to send your child with a packed lunch on Wednesday 11th December. Please note that, for those ordering a dinner, the School Money system has not allowed the office to send out payment requests specifically for individual meals but a meal has been added to your account, in advance, for payment.

Family Hub Derby have asked us to share their January to March programme with you and we have attached it to this newsletter for your information.

We still have a number of parents who have had text messages inviting them to sign up to our school app who have not joined. **Please do this as soon as you can** as sending text messages instead of messages on the app costs money which has to come out of the school budget—app messages are free of charge to the school! Thank you for your help with this. Being on the app also means you have easy access to weekly dinner menus and newsletters and can notify us if your child is absent with ease.

**Please remember that I am still *unable* to authorise any term-time leave of absence requests this year and, in the majority of cases, these will incur fines. These requests should be made in advance and not retrospectively please.**

Kind regards,

*Mrs J Hill*

## Parents' Library

We now have a small library of books which compliment our PSHE scheme of work for parents to borrow to read at home with their children to support them with specific areas of mental health.

Our PSHE scheme has books at its heart: children can learn a lot by reading about people going through things that they are going through—loss, fear, anger or a lack of self-esteem—and these books have been chosen to be read together with your child at home to support them with issues like these.

The books will be kept in the reception area outside the main office: please pop in and have a look or ask Mrs Hill or Mrs Clarke if you need a recommendation for a book about something specific. The ladies in the office will help you sign a book out to borrow for a week.

## Our Maternity and Neonatal Improvement Programme

We are on an improvement journey to help us deliver the highest quality care and best experience to women, birthing people and babies.

University Hospitals of  
Derby and Burton  
NHS Foundation Trust

### What we are doing to make care safer for you:

#### Working with you

We work in partnership with our Maternity and Neonatal Voices Partnership to **listen to feedback and ideas** and build improvements around what matters to you. We have a Patient Safety Partner and have hosted our first community conversation event with more events to follow.

#### Delivering national best practice

We have embedded a new approach to fetal monitoring and management of post partum and major haemorrhage in line with evidence-based best practice.

#### Improved against national targets

Our compliance against national maternity safety measures such as Ockenden and Saving Babies Lives has improved.

#### Home birth service to reopen

The home birth service will reopen on 6 October 2024 so if you are due after this time you can consider a home birth.

#### Wireless monitoring

Telemetry wireless monitoring is now available to support mobility during labour and offer women and birthing people more choice.

#### Privacy during induction

In response to your feedback we have created dedicated private spaces for intimate examinations during the induction process.

#### Reducing delays

We are improving scan and induction pathways to **reduce delays**

#### Recruited more staff to care for you

We have **32 newly qualified midwives** joining our organisation and extra support in place to nurture, develop and grow our current staff.

We have recruited **specialist roles** in fetal monitoring, maternal mental health and midwives who focus on supporting and developing colleagues.

We want to keep you updated about the work we are doing to make our maternity and neonatal care safer. Read the latest about our Maternity and Neonatal Improvement Programme and how you can get involved at [www.uhdb.nhs.net](http://www.uhdb.nhs.net) or scan the QR code
